The Executive Compensation Disclosure Treatise: a key resource for anyone involved with the complex world of executive compensation disclosures. It incorporates recent rule-making including chapters on the Pay Versus Performance rules and Dodd-Frank clawback policies.

With heightened attention being paid to executive and director pay, this resource is critical for the upcoming proxy season. As always, our Editors have ensured that the treatise is comprehensive and practical.

Two in-depth blogs:

- **The Advisors Blog:** a resource for staying ahead of the legal and regulatory landscape around executive and director compensation—equipping professionals with timely insights and best practices they can use in their work.
- **Borges' Proxy Disclosure Blog:** a key resource (written by Mark Borges, Principal at Compensia) for compensation professionals wanting to follow how companies are handling new requirements, tricky situations and changing best practices for proxy disclosures.
